## • Examinations

This week Year 11 and Year 10 have been given envelopes containing documents from The Joint Council for Qualification (JCQ) .

These documents explain what is expected of them as GCSE candidates, when they are completing written exams, coursework and non-examination assessments (NEA). Please make sure your child has read and understands this information, as any infringements to the rules can lead to severe penalties when awarding final examination grades. You can also see these documents on the school website under Examinations.

A provisional timetable is due to be released towards the end of this month and will be available to view on our school website. The final timetable for Summer 2023 is published in January and will contain the date for the Contingency Day. This is the date the candidates have to keep clear to sit any exams which may have to be postponed due to unforeseen circumstances, such as a breach of security on the examination paper or a national emergency. It is best not to make any holiday plans for a student in year 11 until after the contingency date has passed.

Further information about Pre- Application examinations in December will follow.
