

PSHRE

PSHRE

PSHRE at Pewsey is covered across all aspects of the curriculum but is being taught explicitly in lessons across all year groups. This is being delivered through the Compass for Life programme, which will help to prepare students for life in modern day Britain. Students will work through the compass cardinals: North cardinal (super north star) raising aspirations and allowing students to explore different study options and careers available to them, South cardinal (strategist) developing a range of skills to use in different contexts to enable them to identify milestones and set SMART targets to help them get there, East cardinal (ethos) focusing on values based education to also cover acceptance and engagement with the fundamental British values of democracy, the rule of law, individual liberty and mutual respect and the West cardinal (warrior spirit) covering all aspects of confidence to take action, resilience and wellbeing. The aim of this programme of study is to help develop students as confident and self-assured learners, who will be able to make informed choices about their futures, recognising and celebrating their personal achievements along the way.

RE will be covered intrinsically within the programme with different year groups covering different religions to provide opportunities to explore and improve understanding of different faiths and cultural diversity.

Year 7

Year 7 students will start working through the Compass for Life programme. This programme encompasses the four cardinals of the compass guiding students through identifying their super north star (aspirations), helping them to become strategic, equipping them with the foundation level behaviours and attitudes necessary for success.

Year 7 students will cover lessons on Christianity.

Autumn Term	Topic	Assessment	Home Learning
September –October	North Star	Maps and workbooks	Additional research
November – December	Strategist	Maps and workbooks	Additional research
Spring Term	Topic	Assessment	Home Learning
January –February	Ethos	Maps and workbooks	Additional research
March – April	Warrior	Maps and workbooks	Additional research
Summer Term	Topic	Assessment	Home Learning
April-May	Backpack - skills	Maps and workbooks	Additional research
June-July	Cultural compass and reflection	Presentations	Preparation of presentation

Year 8

Year 8 students will continue to explore their Compass for Life and develop their skill sets (add to their backpacks). They will reflect on their personal maps and continue to add to these to reflect their aspirations and values.

Year 8 students will cover lessons on Hinduism.

Autumn Term	Topic	Assessment	Home Learning
September –October	North Star	Maps and workbooks	Additional research
November – December	Strategist	Maps and workbooks	Additional research

Spring Term	Topic	Assessment	Home Learning
January –February	Ethos	Maps and workbooks	Additional research
March – April	Warrior	Maps and workbooks	Additional research
Summer Term	Topic	Assessment	Home Learning
April-May	Backpack - skills		Additional research
June-July	Cultural compass and reflection	Presentations	Preparation of presentation.

Year 9

Year 9 students will continue to develop their compass for life. They will be working in more depth to increase their understanding the fundamental British values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs. We are actively preparing the students to participate fully in and contribute positively to life in modern Britain.

Year 9 students will cover lessons on Buddhism.

Autumn Term	Topic	Assessment	Home Learning
September –October	North Star	Maps and workbooks	Additional research
November – December	Strategist	Maps and workbooks	Additional research
Spring Term	Topic	Assessment	Home Learning
January –February	Ethos	Maps and workbooks	Additional research
March – April	Warrior	Maps and workbooks	Additional research
Summer Term	Topic	Assessment	Home Learning
April-May	Backpack – skills	Maps and workbooks	Additional research
June-July	Cultural compass and reflection	Presentations	Preparation of presentation

Assessment

Assessment will be on-going in the development of student skills. At the start of year 7 students have completed a baseline survey. This survey will then be used again as a tool to monitor development of skills. Evidence will be present in their work books and through the development of their personal maps.

Equipment

Students have been provided with a Compass for Life workbook. Teachers will provide a programme of lessons which will run alongside these books which will provide evidence of their learning.

If this workbook is lost then it will be the responsibility of the student to pay for a replacement. Students must also be equipped with basic materials, a pen, a pencil, rubber and a ruler.

Extra-Curricular Activities

During the school year students will take part in a number of drop-down days. These days are specifically linked to the compass cardinals. All students will be given the opportunity to attend a careers fair to help them to have meaningful experiences with employers. Drop down days will enable students to demonstrate the skills they have been learning to embed these fully.

Suggested Extension Activities

It is really important that students have opportunities to experience work places and future educational establishments therefore by taking your son or daughter to open days and evenings can really help them with making onward decisions. In school we also host events such as the Options Evening and Futures Evening to provide additional information that will help to inform student's onward choices. As an 11-16 school we provide all of our students with impartial advice and guidance about next steps, post 16, and work collaboratively with all local providers to ensure we are able to give the most up to date and relevant information.

KS4

Students will continue to undertake learning to help to prepare them for life in modern day Britain whilst also allowing them to further explore their cultural development. All skills learnt in PSHRE are highly transferrable to all aspects of the curriculum and will allow students to be successful in their learning.

Year 10

Autumn Term	Topic
September – November	North star lessons <ul style="list-style-type: none"> • Let's try our best- What does this Look Like? • Finding our direction • What career? • Dream Job • Importance of being Open Minded • Attitude determines altitude • Review of map/redraw map • Personal data analysis
